March 21, 2013

Dear Consultant:

The City of Ellsinore is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than 5 pages. This letter should include any information which might help us in the selection process, such as the person(s) or team you would assign to each project, the backgrounds of those individuals, and other projects in which your company are now active or have recently completed. It is required that your firm's Statement of Qualification (RSMo 8.285 through 8.291) be submitted with your firm's Letter of Interest, or be on file with the City of Ellsinore. The statement of qualification is not included in the total page count limit.

In order to be counted as participation towards an established DBE Goal, DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at www.modot.gov. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm be prequalified with MoDOT and listed in [MoDOT's Approved Consultant Prequalification List](#). Otherwise, your firm will be considered non-responsive.

We request all letters be received by 4 pm, May 31, 2013 at the City of Ellsinore address listed above.

Sincerely,

Andy Bowman
Maintenance/Public Works Director

Attachment
