Pete K. Rahn, Director

---

October 19, 2006

Dear Legislator:

We know it's important for you as an elected official to be aware of transportation projects planned or under way in your area. For your information and reference, we are attaching the most recent list of approved highway projects in your legislative district.

These projects are part of the 2007-2011 Statewide Transportation Improvement Program (STIP), which the Missouri Highways and Transportation Commission recently approved. The STIP is a comprehensive list of state transportation projects planned for the next five years, barring any unforeseen obstacles in the development process.

In addition to road and bridge projects, the STIP includes aviation, rail, waterways and public transit projects for which the Missouri Department of Transportation is responsible. You can review the complete plan online at [www.modot.org](http://www.modot.org). A copy is also available in the legislative library or upon request.

Public involvement is a key component in developing the STIP. It starts with us working with local governments to determine project priorities and continues through various forms of public involvement that gives Missourians an opportunity to share their thoughts and opinions.

I hope you find this information helpful. Please call me at 573-751-4622 or Jay Wunderlich, governmental relations director, at 573-751-8273 if you have any questions or comments or if we can provide you with additional information.

Sincerely,

Pete K. Rahn  
Director

cc: Jay Wunderlich

Enclosure

## **Missouri Highway and Bridge 2007 – 2011 Scoping and Design Projects**

The purpose of this section is to identify potential future projects. These projects may be in the evaluation stage, which is called project scoping, or may be further along in the preliminary design process. **Projects listed in this section are not commitments to construct or implement an improvement.**

After needs have been identified and prioritized, the higher priority needs are included in this section. Next, a core team is formed, comprising personnel from various MoDOT departments. The core team investigates the problem or concern. The core team develops several solutions that may be either short term or long term. Some problems have no transportation or construction solution and instead may require public education or assistance through law enforcement.

Once a solution is selected, additional preliminary design work occurs. Design progresses up to a point at which MoDOT is confident the solution will properly address the problem or concern and of the improvement's cost. The potential project moves into the next stage of the planning framework, which is the prioritization and selection of projects for construction. Projects that have been prioritized and selected for construction are listed in the construction program (see Section 4.) Only the construction projects in Section 4 represent a commitment by MoDOT to build the project.

Please see Section 2-2 through 2-5 for additional discussion regarding how a need becomes a project through the planning framework process of identifying and prioritizing needs, to developing solutions, to prioritizing and selecting projects for construction.

The amount of time a potential project spends in the scoping and design phase varies. Some potential projects are more complex than others, and they might remain in the scoping and design phase for several years. This is especially true for projects such as Missouri and Mississippi River bridge replacements, new roadway construction, or converting a two-lane road to a four-lane road.

# Missouri Highway and Bridge 2007 - 2011 Scoping and Design Projects

## Transportation Planning

2217 St. Marys Blvd.  
P.O. Box 270  
Jefferson City, MO 65102  
Phone (573) 526-8058 Fax (573) 526-8052

County	Route	Job Number	Improvement and Location
Audrain	MO 22	3P0726	Scoping for pavement and bridge rehabilitation from 0.1 mile west of Rte. E east to 0.5 mile west of Rte. 15.
Audrain	RT FF	3S0755	Scoping for bridge project over Davis Creek 0.5 mile west of Rte. M.
Audrain	RT Y	3S0635	Scoping for bridge project over Reese Fork 0.4 mile south of Monroe County.
Audrain	US 54	3P0563	Scoping for bridge project over Cuivre River 2.5 miles south of Rte. K.
Audrain	US 54	3P0664	Scoping for intersection improvements at Rte. 54 and Rte. 19 north junction.
Audrain	US 54	3P0727	Scoping for pavement rehabilitation from Rte. 19 north junction east to 0.5 mile west of Rte. P.
Boone	MO 163	5S0897	Scoping to add additional lanes on Rte. 163 (Providence Rd.) from Mick Deaver Dr. to Rte. 740 (Stadium).
Boone	MO 163	5S0923	Scoping for safety improvements at intersection with Peachtree Drive in Columbia.
Boone	MO 740	5S0636	Scoping to complete environmental study from Rte. 63 to I-70 in Columbia.
Boone	MO 740	5S0842	Scoping for improvements to Rte. 740 from I-70 to Rte. TT (Broadway).
Boone	OR 70	5I0943	Scoping for safety improvements at intersection with Keene Street in Columbia.
Boone	RT B	5S0924	Scoping for safety improvements at intersection with Kemper Road near Hallsville.
Boone	RT TT	5S0894	Scoping for capacity improvements from Rte. 740 west 3.1 miles to Scott Blvd.
Boone	RT TT	5S0917	Scoping for capacity improvements from Rollins Road to Brookview Terrace.
Boone	RT WW	5S0766	Scoping for bridge replacement over North Fork of Grindstone Creek 1.0 mile east of Rte. 63 in Columbia.
Boone	US 40	5S0908	Scoping for bridge replacement and interchange improvements at Old Rte. 40/Rte. UU 3.0 miles west of Columbia on I-70.
Boone	US 63	5P0891	Scoping for interchange capacity improvements at Rte. 63 and WW in the City of Columbia.
Boone	US 63	5P0907	Scoping for interchange at Gans Road.
Carroll	US 24	2P0779	Scoping to rehabilitate pavement to provide smoother pavement from Carrollton to Monroe county line.
Chariton	MO 11	2S0424	Scoping for bridge improvements over the AT & SF Railroad 1.3 miles south of Rte. E.
Howard	MO 240	2P0724	Scoping for bridge improvements over Bonne Femme creek. Project involves bridge J0950 and J0902. near Fayette.
Howard	MO 240	2P0760	Scoping for improvements to the intersection of Howard MO 240/Rte.124 intersection.
Monroe	RT C	3S0734	Scoping for bridge project over Elk Fork Salt River 3.5 miles south of Rte. 24.

## **2007 - 2011 Highway and Bridge Construction Schedule RSMo 21.795.2.(3)**

The Highway and Bridge Construction Schedule identifies highway and bridge projects funded for right-of-way acquisition and/or construction during the five-year period between July 1, 2006, and June 30, 2011.

**Projects on this schedule are funded and represent a commitment to implement an improvement, purchase right-of-way and or construct. Projects on this schedule with right-of-way funding only represent a commitment to buy right-of-way, not a commitment to construct.**

There are a number of assumptions and requirements that must be met for project construction to begin. Some assumptions and requirements apply to all projects. Other assumptions and requirements vary depending upon the complexity of the project. These assumptions are:

- The assumed funding levels from state and federal sources are reached.
- All environmental requirements and clearances are obtained.
- Any legal matters are resolved.
- Right-of-way acquisition and utility relocation occur as scheduled.
- Concurrence is obtained from the metropolitan planning organizations for projects in the Columbia, Joplin, Kansas City, St. Joseph, St. Louis, Springfield, and Jefferson City areas.

# PROJECT DESCRIPTION KEY

## 2007-2011 Highway and Bridge Construction Schedule

Construction contingency at a rate of three percent or at the District's discretion is applied to the construction cost in the year the project is awarded.

Four percent inflation compounded annually is applied to right-of-way and construction in program years 2, 3, 4, and 5.

No inflation is applied to the Funding From Other Sources (FFOS).

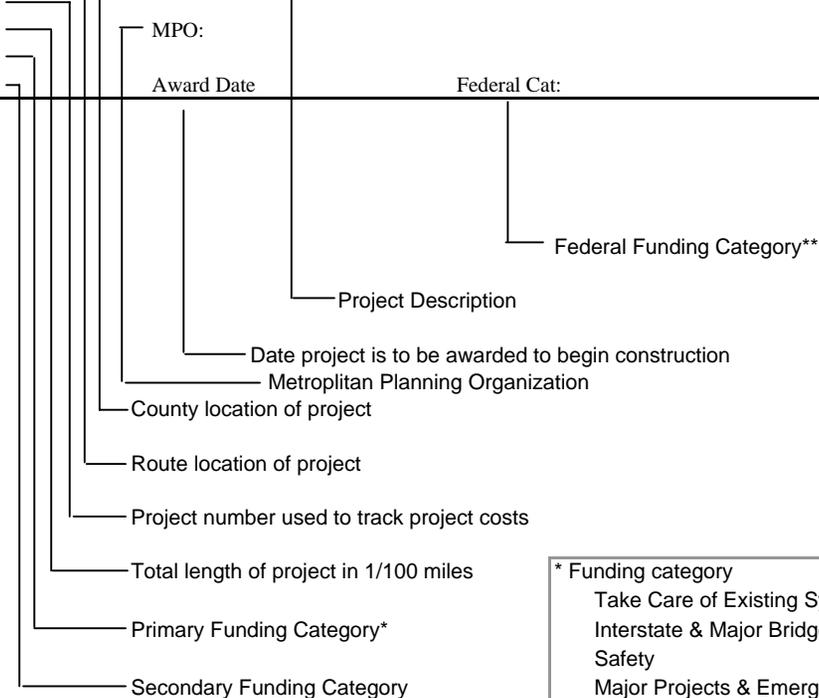

Incidentals include PE costs, CE costs, and R/W incidentals.

Project Estimate Total includes costs to date and estimated future costs.
